

AllyCAD Online Training Specifications (2018)

Before training begins you will receive a link via email inviting you to join the meeting/training. When you click on the link it installs a small app which plugs into your browser enabling you to participate on the shared platform.

Note: If you would like to familiarise yourself with the training platform in advance of the training please go to <https://www.gotomeeting.com> and try out the free demonstration meeting.

AllyCAD 8.x Software System Requirements		
	Minimum	Recommended
CPU	Core 2 Duo	Core i7
